About This Game

SWARMRIDERS is a FREE "endless runner"+"twin stick shooter" ARCADE mashup. A "machine gun swarm surfing minigame" made as a bonus content for the UBERMOSH community. 400 years before the events of UBERMOSH:BLACK, the Blade Saint was just a mercenary gunner, shredding eyes on the backseat of a bike.

Players can expect a few minutes of elegant gameplay, responsive controls and a heart pumping original soundtrack.

You have to concentrate and stay focused for a couple of minutes if you want to get a high score. I was surprised by how long I was able to survive. I like what this game does to my brain. Recommended.. This game. Simple? Yes. Easy? No. I got all four achievements with in two attempts. Still not easy.. Fun, Free and Frustrating. Whats not to love.. fun little game, easy achievements for you hunters, not much replay value though. Prepare to not blink for about 15min and have cocaine injected directly into your heart.

Sometimes it's hard to see what's going on.

Got all the achievements within 11 minutes.

10/10. \u2665\u2665\u2665\u2665ing sweet. Amazing soundtrack. So much fun.. Interesting concept... makes me wonder... where a second version of the game can go... more weapons? Enemy patterns? Smoke physics? Great gameplay, by the way!. The most intense Two-and-a-Half minutes of your life.. I really wanted to like this game. I really did. Don't get me wrong, I did enjoy my playtime very much but saddly it was just too short of a playtime. This game lacks the idiotic joy and replayability of playing any of the Ubermosh games and the achievements are very easy to get. It's not a bad game in my point of view, just unfinished. Sure it's a free game, but a little more effort could have been warrented.

4.9/10. Exactly like its sister series, Ubermosh, Swarm Riders is a volatile, frenetic, blast of a time.

Flee from a swarm of voracious insects, all while blasting away as many as you can. How long can you last? Not long.

But don't worry: the game restarts at instant speed so you can try over and over and over again.. Simple, but challenging. I like it.. I really enjoyed this game as it was something different that branches of from the main series itself. I myself played for ten minutes and got all the achievements, but it was really fun! It's free so don't be afraid to play a little bit of it. The other thing I liked about this game is the OST which is amazing like the other games!. Had a lot of fun with this one! Kept playing and before I knew it 1 hour had passed! \ud83d\udc4d
